Key figure

“ The I3S experience, allowed me to reach out to many new opportunities and also meet many interesting people from sport industry. But most importantly it helped achieve a major goal in my life: “Working abroad”.

With the I3S program, I was able to realize my internship in China (Shanghai). This internship opened me to a lot of new opportunities and horizons, and this would not have been possible without the support of the I3S team. I am still today working in Shanghai, and wish for everyone in this section to achieve his or her personal objectives.”
